

EMPRESA PORTUARIA CHACABUCO

Port Services to International Cruise Ships

Expertise ✓

Our expertise for more than 17 years receiving International Cruises ensures a safe but also fun experience for your passengers while docking and during your stay; even if you send us Tourists visiting Chile or part of your Cruise Staff wants to land. Besides all security and safety, we ensure a Memorable Experience at your arrival to our Chacabuco Port because we can offer wide services for your stay.

Our staff includes bilingual personnel for guidance, even if your customers buy a tour on board of the Cruise or if they want to independently meet the Port surroundings and/or the nearest cities Puerto Aysen and Coyhaique.

Our Installations ✓

We count with comfortable and disabled-adapted facilities such as Restrooms, Free Shuttle buses, Contracted Tour Operators, Tourist Information, Panoramic Viewpoint, Folk Music, Welcome Treats and Wi-Fi Service among others, all for your clients' enjoy and safety.

Our installations besides safe, enables your customers to have a very near Experience with Nature before or after taking their tours and whiles awaiting departure to your next destination.

Enjoy your Stay ✓

Your passengers can also enjoy local handcrafts at a five minute drive in free shuttle buses from our Port to the Domes and return safely back to the Port Installations.

These shuttles are available the whole time of your stay at Chacabuco Port and go back and forth as much as required.

Technically we are a State Company complying all safety and security regulations (ISPS Code) and we have the biggest infrastructure for docking Cruises up to 190 meters directly to our port. Also part of this infrastructure is the Floating dock for tenders for approaches from bigger Cruises.

Improving the Destination ✓

Through several agreements with Regional Authorities we activated a cooperation Protocol in order to achieve greater commitment from the Government Agencies related to Cruise Tourism and improvement of facilities, infrastructure and Tourism Services, such as customer service training for Craftsmen, carriers, etc.
